Customer Reviews

HMS Sheffield, completed in 1937, was a light cruiser of the Town class that served throughout the Second World War. It served in all the important battles against the Germans, in all the battle areas the Royal Navy fought in. She hunted the Bismarck, was an important part of Operation Torch, and was the British flagship at the Battle of the Barents Sea. This book is full of excellent photos, including one where the Bismarck's 15 inch shells come close to hitting Sheffield. This book gives a comprehensive history of this ship, and given Sheffield's service, a good history of the Royal Navy in World War II. Highest possible recommendation.

One of the most comprehensive books written on a ship. As you read it you can feel the ship under your feet. A great achievement in writing! A true classic book on a classic ship!
