Customer Reviews

This book is very comprehensive, but also very reader friendly. It covers a wealth of topics on creativity that does not require a degree for anyone curious on the topic to understand. The layout breaks it up nicely as well. Some content is highlighted in grey boxes and there are many pictures in the book. Has a beautiful cover and overall very durable. Overall, nice variety of topics concerning creativity without the exhaustion of reading dense academic material.

This book offers amazing insights into opening up new possibilities . Creativity unleashed allows us to become aware of our habitual patterns and if they help or hinder us . Delivery was amazing too !!
