Synopsis

The Invention Of Wings: An Incredible Summary! The Invention of Wings is a book written by Sue Monk Kidd. The novel itself is about a girl named Hetty (nicknamed "Handful"™) and her troubled life as a slave in the early nineteenth century in Charleston, where Hetty is desperately wanting and waiting for a better life than the one she lives now. Kidd's novel begins on the eleventh birthday of Sarah Grimke. She received her gift, and as her gift, she got Hetty, a ten-year-old girl, who was intended to be her handmaid. We follow the life of Hetty through the course of thirty five years, as she struggled for freedom and destiny, which was very often filled with estrangement, guilt and sorrow. Perhaps, the best thing about this novel is that the author referred to a real, historical person of Sarah Grimke, and did a fine job in combining events of Sarah's real life and fictional events, which were written in order to make everything even more interesting. The Invention of Wings is a very exquisitely written novel, a novel where storytelling is everything. Because in this book, we read not just about the lives of two girls (women later), but we also read about the darkness in American history, and the female struggle for freedom and liberation, which will leave no reader unmoved. Here Is A Preview Of What You Will Get: In The Invention Of Wings , you will get a detailed summary of the novel In The Invention Of Wings , you will find some analysis to strengthen your knowledge about the book In The Invention Of Wings , you will get some fun multiple choice quizzes, along with answers to help you learn about the novel. Customer Reviews

This book is about a girl named Sarah who was given a slave named Handful for her birthday. She did not believe in slavery and refused to keep the slave. This book makes me thankful that I live today and not back then. Sarah teaches Charlotte, Handful and Skyâ™s mother, how to read and promises her that she will free Handful one day. You must read on to find out if Sarah is able to save them. It prompted me to want to purchase the entire book to be able to experience all of the story. Thanks so much.

The invention of wings is a really one of kind nice novel that Iâ™ve ever read. The story of American women who strive for freedom. This really moved my heart. When I saw this summary, I never hesitate to grab it. I am fond of reading it. Specially this one. It reminds me of the story when I read it. Really nice! Great summary. It really tests you if you are reading it very keen. I enjoyed answering the questions.

I am relieved that I read the novel before I read this summary. From the first paragraph to the last quiz question, there are so many glaring mistakes and misrepresentations, that I find it hard to believe that the author of this summary read the novel! The author herself explains that the book is about the Grimke sisters and Handful was added to show the slave side of the story. It is more a story about Sarah and her journey using Handful's experiences to show why Sarah did some of the things she did. P.S. Sarah had 2 Older sisters

This summary is very thorough and well written. However I ran out of time and when I went on line to buy the book I saw the summary book.,I actually ordered this by mistake. I clicked on the wrong place. I meant to order the book but I have enjoyed

This is an interesting read the book have interesting story of Sarah who is the main character of this book. Story these is different and unique kind and characters verity are also awesome. Over all book is well written and easy to understand thanks.

When I ordered this book I believed it was the novel itself. I found it summarized the novel well but had several examples of poor grammar and one incorrect fact in the quiz answers. I prefer to draw my own conclusions rather than read Mr. Cooper's.

This is a good summary and analysis of a novel The invention of wings by Sue Monk Kidd. It is very short but I can say it is also worth it because there is a follow up questions and answer in the end. I really like it because I got 9 correct answer out of 11 questions which is not bad.

Really good read! Historical fiction at its best. The story is based on some real characters and some fictional. Story of a family of slave owners in Charleston SC and how the issue of slavery divides a family and the early beginnings of the woman's suffrage movement. The author really did her research for this book.
